

International Automated Brokers, Inc.

Customs Brokers and Freight Forwarders

U.S. Customs Service Attachment A for the Special Regime Program

Requirements for the program are as follows:

1. Costed bill of materials
2. Export documents to Mexico (i.e. Shipper's Export Declaration, bill of lading, pedimento (invoice given to Mexican officials showing transport of goods into Mexico)).
3. Cutting Ticket, including name and location of facility, style number being cut & type of fabric.
4. Mill invoice (name of mill where fabric was formed. If the fabric was purchased from a third party, the importer is responsible for obtaining the mill certificate, certificate should make reference to the invoice number of the fabric claimed to be of U.S. origin. Certificates from jobbers are not acceptable.
5. A signed statement from the mill that the fabric is of U.S. origin (can be stated on the invoice or in a separate document that relates to each specific shipment of fabric).
6. Transportation documents (mill to cutting facility to border to assembler).

Importers are reminded that the failure to maintain the previously listed documents may result in unsubstantiated 9802.00.9000 duty free claims and subject the importer to applicable duties and possible penalty action.
